

Student schedules are now available for the 2007/2008 school year and can be printed from *NetClassroom*.

To access your child's schedule:

1. Logon to *NetClassroom*
 2. Place your cursor on "Classes" on the grey tool bar near the top of the page
 3. Select "Schedule" from the drop down box
 4. Select "2007/2008" as the current year
 5. Select the "Term" you would like to print
 6. Print the schedule
- Please remember that schedules, teachers and rooms may change throughout the summer as we balance class sections and room assignments.
- Refer to the summer mailer you have received for schedule change information. ***NO SCHEDULES CAN BE CHANGED BEFORE SCHEDULE CHANGES IN AUGUST*** – schedule changes will not be made for teacher or class section preferences

If you need help accessing your child's schedule or have misplaced your *NetClassroom* password, please contact the front office at (818) 347-8300.

REMEMBER: Schedules are subject to changes throughout the summer!

You must print a final schedule the weekend before school opens and follow that schedule on the first day of school!!

Thanks,

Gregory Klee
Academic Assistant Principal
