Summer 2017

High School Courses for Entering Freshmen

The following courses are open to students entering Chaminade as freshmen in the fall of 2017. These classes meet as indicated from June 12 through July 14. There are three sessions specifically for entering ninth grade classes. These classes do not appear on student transcripts and are not offered for credit. ***In the event that classes are over-enrolled, it is possible that additional sections may be offered. The additional sections may be earlier or later than the time listed below. In the event of overflow sections, students will be scheduled on a first come - first served basis.*

Entering Freshman English Grammar and Composition

(Entering 9th grade)

This course is intended to review and develop basic composition and critical thinking skills in preparation for college preparatory English. The basic elements of composition - thesis statement, topic sentences, concrete details, and commentary/analysis - are emphasized, and writing fundamentals such as proper grammar, spelling and syntax are extensively reviewed. Students should enroll in either session 1 or session 2 according to their scheduling preference; the same curriculum is covered in each session.

Freshman Session 1: June 12 – June 22
M - F 12:30 – 2:30 p.m.

Freshman Session 2: June 26 – July 7
M - F 10:15 a.m.– 12:15 p.m.

Fee: \$295 per session - only enroll in one session

Entering Freshman Critical Thinking and Reading Comprehension

(Entering 9th grade)

In this course, students will discuss the genres of poetry, drama, short stories, and the required summer reading novels. Led by an English faculty member, this course is designed to build reading proficiency and enhance student awareness of the various literary elements in the literature. This course gives students a valuable opportunity to engage in an in-depth analytical study and discussion of the summer reading novels before school begins. Students should enroll in either session 1 or session 2 according to their scheduling preference; the same curriculum is covered in each session.

Freshman Session 1: June 12 – June 22
M - F 10:15 a.m. – 12:15 p.m.

Freshman Session 2: June 26 - July 7
M - F 12:30 – 2:30 p.m.

Fee: \$295 per session

Entering Freshman Algebra I Prep

(Entering 9th grade)

This course is intended to both review and develop basic skills in preparation for college preparatory Algebra I. It will examine the properties of the real numbers, solutions of linear equations, inequalities, problem-solving techniques, graphing, factoring, polynomial computation, rational and irrational expressions, as well as an introduction to quadratics. Students should enroll in either session 1 or session 2 according to their scheduling preference; the same curriculum is covered in each session.

Freshman Session 1: June 12– June 22
M - F 8:00 a.m. – 10:00 a.m.

Freshman Session 2: June 26 – July 7
M - F 8:00 a.m. – 10:00 a.m.

Fee: \$295 per session

High School Study and Success Skills

(Entering 9th-12th grade)

The demands of a college preparatory high school can be very challenging to freshmen students who are learning about their new campus, meeting new people, and juggling demanding courses and extracurricular activities. But the challenge can be overcome. This summer session course offers students the tools they need to succeed. Students will acquire important skills including time management, library research, organization, note taking, listening, critical thinking and writing. They will also familiarize themselves with the Chaminade block schedule and campus. Organizational skills, test-taking and time management will also be examined in this fun and helpful course.

Freshman Session 3: July 10-14
M - F 9:00 a.m. – 12:00 p.m.

Fee: \$295

ENTERING 9TH GRADE COURSES FOR CREDIT

Health

(Entering Grade 9)

The health curriculum focuses on teaching students to make quality decisions on matters relating to their mental, physical, social, spiritual, and emotional health. The class will include units on decision making, self-esteem, healthy relationships, mental health, exercise and fitness, nutrition, human sexuality, substance abuse, bullying, and infectious diseases. This class is taught from a Catholic perspective, keeping in the mind our Marianist philosophy. This course is a requirement for graduation from Chaminade for all students, beginning with the graduating Class of 2016. This graduation requirement is in addition to the two semester P.E. requirement. It cannot be waived by participation in a sport.

Prerequisite: None
Dates: June 26 – July 13
M-F 8:00 a.m. – 12:00 p.m.

Fee: \$900

ONLINE Computer Applications

(Entering 9th grade)

This course will be conducted entirely online with the overarching goal being to provide the students with the experience of taking a class that is conducted entirely online. The necessary personal skills for success in an online environment will be stressed, including time management, self-motivation, organization and accountability. Content will include the Microsoft Office Suite and also give students exposure to other important computer-related skills like use of Outlook calendars and email, file management, data backup, etc. Since this is an online course, accountability and responsibility become very important. The class will be broken into 6 week long modules that will have a certain number of assessments due at the end of every week. The modules start the Monday of every week and all assessments will be due by Sunday at midnight. This course is limited to 60 students.

Students taking this course will be offered an opportunity to check out a school issued tablet computer through the laptop hospital. Information regarding the time and place of laptop distribution will be available at the mandatory orientation meeting.

For further questions about the format and content of the class please contact the teacher of the course directly, Mr. Milkovich, at Jmilkovich@chaminade.org.

Dates: June 5 – July 14
A MANDATORY ORIENTATION SESSION FOR THIS COURSE WILL BE HELD Wednesday May 31st from 4-5 pm OR Saturday June 3rd from 10-11 am.

Fee: \$450

What is Blended Learning?

The concept of blended learning is straightforward : it is an educational mode by which students experience a combination of both face-to-face and virtual learning. However, the way in which blended learning is implemented can vary widely from school to school as each institution chooses the tools, methods, schedules, and resources that work best for its student population. While there are no concrete requirements for blended learning, one thing is clear: blended learning is the future of education.

Chaminade College Preparatory Summer School programs have found enormous success with the blended model, which allows students to spend time on campus twice per week with a teacher and classmates, and then complete required individual work and assessments in a virtual learning environment. This means our students can enroll in more classes and take greater ownership of their path and pace.

We will soon be offering blended options for our traditional students as well. Over the next few years, you'll see our teachers centering many activities online, providing students with a more personalized learning experience tailored to their interests and strengths. Students will get immediate extra help for concepts they are struggling with, and enrichment in areas where they are excelling; teachers will have better data to inform instructional decisions, and more time to spend one-on-one with students. We're excited to take our goal to educate for adaptation and change to the next level. If you'd like more information about our blended learning vision, visit Chaminade.org/blendedlearning, or contact our Director of Blended Learning, Ashley Benning (abenning@chaminade.org).

CLASSES FOR ACCELERATION

These courses are open for credit to **Chaminade students only**. Non-Chaminade students may opt to take these classes as workshops for review and enrichment but without transcriptable credit. Each class is taught in a blended format, with an emphasis placed on individual educational programs for each student. Students meet with their instructor as indicated in each course description. Finally, students will be required to take a final semester exam for the course in-person on campus during the scheduled final exam.

Critical Thinking and Composition

(Entering 12th grade)

This intensive accelerated writing course is most suitable for incoming seniors who are already strong, proficient writers. Condensing the regular 18-week curriculum into 2 1/2 weeks, the course is designed to reinforce and further develop the critical reading, thinking, and writing skills that students need for success in their college courses. In a process-centered writing program that includes feedback and revision, students write research-based argumentative essays in a variety of rhetorical modes encountered at the college level. Each day, students will have either a rough draft or a final draft of an essay due. Successful completion of this course satisfies Critical Thinking and Composition graduation requirement.

Prerequisite: Students must have an “A” or a “B” in their most recent Honors English course or an “A” in their most recent College Prep English course. Students who do not meet this requirement must apply with prior signed consent of the English Department Chairperson or the Academic Vice-Principal.

ONLINE Trigonometry

(Entering 11th - 12th grade)

This course is open to **Chaminade students only** who are interested in taking Honors Pre-Calculus in the Fall of 2014 and is designed to prepare students to take the qualifying entrance exam to move up into this course. This course is not for credit. Students must gain approval from the Math Department and Counseling in order to enroll in this course.

DATES: June 26 - July 14
EXAM DATE TBA

Fee: \$250

ONLINE Computer Applications

(Entering 10th grade)

This course is designed to cover the basic fundamental functions of Microsoft Office 2010, specifically PowerPoint, Word, and Excel. Students will start each program learning the basic foundational skills of how to use each program. After this, they will learn the more advanced functions of each program. At the end of the semester you should be efficient in creating slideshows on PowerPoint, creating and editing different documents on Word, and setting up spreadsheets containing functions and macros using Excel. The final goal of the class is to put all of the skills together and be able to use these skills in real world situations.

Since this is an online course, accountability and responsibility become very important. The class will be broken into 6 week long modules that will have a certain number of assessments due at the end of every week. The modules start the Monday of every week and all assessments will be due by Sunday at midnight. There is a description of the assignments and how to submit them below. Make sure you give yourself enough time to complete all of the required assessments for that week, because any assignment not turned in for the module by midnight Sunday will be considered late and lose credit. For further questions about the format and content of the class please contact the teacher of the course directly, Mr. Milkovich, at jmilkovich@chaminade.org. This class is for Chaminade students only who need to remediate this course from their 9th grade year.

DATES: June 5 - July 14

Fee: \$450 - FOR REMEDIATION ONLY

High School Science

BLENDED CLASSES FOR REMEDIATION

These courses are open for credit to **Chaminade students and guests for full transcribed credit**. These courses are intended for Chaminade students who need to make up a “D” or “F” grade before continuing on in a subject area. Non-Chaminade students may take these courses for full course credit according to the policies of their diploma issuing institutions. Each class is taught in a blended format, with an emphasis placed on individual educational programs for each student. Students meet with their instructor as indicated in each course description. First semester material is covered in session 1 (A) and second semester material is covered in session 2 (B).

Finally, students will be required to attend all class meetings and take a final semester exam for the course in-person on campus during the scheduled final exam. Students must take and pass the final exam in order to earn credit for the course.

Biology AB

(Entering 10th - 12th grade)

This lab-based course is designed to give the student a basic but thorough introduction to biological science. Topics in this course include cells, biological chemistry, anatomy and physiology, and genetics. Afternoon class sessions are designed to complete lab requirements for the course. The bulk of written coursework will be conducted through Blackboard. Students will be expected to complete written work independently and attend lab class daily.

Summer School 2017 - General Information

Faculty

Highly qualified teachers, who are certified by Chaminade's administration, teach all courses. Whenever possible, members of Chaminade's regular faculty are employed.

GPA Calculation

If a student received a "D" or an "F" grade during the school year, the grade earned during Summer School WILL NOT REPLACE the "D" or "F" grade. For Chaminade students, Summer School grades will appear in addition to your original grade in your official transcript. Chaminade will use both of these grades in the calculation of your Chaminade GPA. Non-Chaminade students should contact their school administration as to their policy on how classes at Chaminade will calculate in their GPA and whether or not the course and grade will appear on that school's transcript. For further clarification, please contact the Guidance Office at 818.347.8300.

Grades and Transcripts

Grade reports will be mailed the week following the end of each session. Grade reports will be mailed to the home address listed in the summer registration materials. For non-Chaminade students, an official transcript will be mailed to your high school on or about August 8. This transcript serves as proof of completion of credits toward graduation. For Chaminade students, summer grades are automatically entered into Chaminade transcripts. If an additional transcript is needed, please contact the Chaminade Registrar at 818.347.8300 ext. 314.

Attendance

Attendance in summer school courses is MANDATORY. Since classes are intensive, a semester consisting of only 6 class meetings, absences must be for emergency situations only. Absences may result in the student being dropped from the course with no credit and no refund of tuition. Tardiness will not be tolerated. Two unexcused class tardies will count as one full absence. Chaminade maintains a closed, secure campus at all times. No students may leave the campus during school hours for any reason without checking out through the office with a parent's note. Students MAY NOT leave campus during class breaks.

Dress Code

Students are expected to dress appropriately and casually for Summer School. The following is not acceptable attire: No sleeveless/tank tops; No bare midriffs; No short skirts; No hats of any kind; No baggy pants; No swimsuits; No brief tops; No sandals (shoes must have a closed toe and heel). Additionally, NO FACIAL HAIR and NO UNNATURAL HAIR COLOR are permitted. Students violating the dress code will be sent home at the discretion of the Summer School Director, and an absence will be recorded for that day.

Student Handbook Applicability

All school rules, policies and discipline structures that are contained in the current Chaminade Student Handbook are to be followed by the students and enforced by the faculty and administration. This includes the Interquest drug/alcohol/weapon deterrent program. Chaminade and non-Chaminade students are responsible for being aware and abiding by the rules and policies of Chaminade College Preparatory. The handbook is available online at www.chaminade.org for review.

Food Service

Light snacks and soft-drinks will be available daily from 9:00 a.m. - 1:00 p.m. Food service and vending machines in the Bob Hope Student Center will be available during breaks. No food is allowed in class.

Scheduling

Scheduling is done on a first-come first-served basis. Student schedules will be made available as soon as their class is full and confirmed for the Summer Semester. Classes and times are subject to change. No accommodations can be made for special requests such as specific teachers or vacation absences. Classes meet as scheduled in this guide.

Schedule Changes and Refunds

Schedule changes may be requested through the Summer School. The add/drop deadline is the start of the first day of the session. No schedule changes will be made once Summer School classes have begun. Fees are non-refundable and tuition is non-refundable once the class meets for the first time. In order to be eligible for a refund of course fees, classes must be cancelled in writing at least one week prior to the first day of the class.

Course Cancellation

Chaminade reserves the right to cancel any class that does not meet a minimum enrollment. A full refund will be made to students in any classes cancelled by Chaminade. Course cancellations are made at the latest possible time to allow the greatest chance for opening the class. Final course decisions for Semester I will be made on or before June 1st. Final course decisions for Semester II are made on or before June 20th .

Text Books

Some remedial classes will use the same text as is used during the school year. Students remediating courses should retain their books for use in summer. Book purchase information will be available online as well. Textbooks are purchased through an online vendor. Textbooks are purchased by the student. Chaminade does not provide textbooks. Textbooks are mandatory. Each student must own his or her own text.

Application for Registration

Registration for all summer programs must be completed online.

REGISTRATION FOR SESSION I CLOSES JUNE 5, 2017 AT 8:15 AM

No student may attend a class meeting without tuition paid in full.

Registration **Fee: \$50.00**

Registration guarantees a spot in the class if the class is offered.

Registration fees are nonrefundable.

Tuition & Fees

Tuition is per semester/session as noted in each course description.

Tuition is due in full before a student may attend a class.

Tuition for Session 1 is **DUE BY JUNE 5TH.**

Tuition for Session 2 is **DUE BY JUNE 26TH.**

REGISTRATIONS MADE AFTER THE TUITION DUE DATE ARE CONSIDERED LATE AND WILL BE SUBJECT TO A \$50 LATE FEE IN ADDITION TO OTHER COURSE AND REGISTRATION FEES.
